## FINANCIAL INFORMATION

Please note that while there is help available from the generosity of our Australian Government, financial planning for the time you will be studying at Moore College ought to be carefully considered. The College has only a very limited number of small scholarships which are not normally available for students in their first year of study. Estimates of tuition and living costs, based on those for the current year are available from the admissions office. (We recommend you produce a draft budget for your time at College, for your own use only.)

How do you intend to finance yourself through College? \_\_\_\_\_

---

---

Will you receive any financial assistance from your denomination or diocese? *(Give details if known)*

---

---

Do you have any financial debts? *(eg mortgage, car, credit card. Please outline the nature of those debts)*

---

---

Do you own, or are you purchasing, your own home?

---

Please note that the College offers some rental accommodation for couples and families in three separate locations (Newtown, Croydon Park and Parramatta). You can apply for accommodation. However, available accommodation is limited and you may not be allocated housing for at least the first two years of study. There are also single residences for men and women students and the normal expectation is that single students will live in these residences. For further details please see the website or the call the College office to arrange an interview.

Tick this box if you are interested in college accommodation **AND** you are an applicant from interstate, overseas or are of Aboriginal or Torres Strait Islander descent.

*If you have ticked this box, our Accomodations Manager will contact you after you have been accepted into college. Housing for the year is allocated in September of the year prior. You are welcome to apply for accomodation at any time but please be aware that it may be limited after this point.*
